While it is expected that the solicitation will be primarily by mail, proxies may be solicited personally or by telephone by the directors and regular employees of the Company. All costs of solicitation will be borne by the Company.

These Meeting Materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the Company or its agent has sent these Meeting Materials directly to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the intermediary (as defined below) holding on your behalf. By choosing to send these Meeting Materials to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for: (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions. (For further information relating to non-registered owners, see the discussion below under “INFORMATION FOR NON-REGISTERED (BENEFICIAL) OWNERS OF SHARES”.)

APPOINTMENT AND REVOCATION OF PROXIES

The individuals named in the accompanying form of proxy are directors and/or officers of the Company. **A SHAREHOLDER WISHING TO APPOINT SOME OTHER PERSON (WHO NEED NOT BE A SHAREHOLDER) TO REPRESENT HIM OR HER AT THE MEETING HAS THE RIGHT TO DO SO, EITHER BY INSERTING SUCH PERSON’S NAME IN THE BLANK SPACE PROVIDED IN THE FORM OF PROXY AND STRIKING OUT THE TWO PRINTED NAMES OR BY COMPLETING ANOTHER FORM OF PROXY.** To be valid, a proxy must be in writing and executed by the shareholder or its attorney authorized in writing, unless the shareholder chooses to complete the proxy on the internet as described in the enclosed form of proxy. Completed proxies must be received by Computershare Investor Services – Proxy Department, 8th Floor, 100 University Avenue, Toronto, Ontario M5J 2Y1, not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for holding the Meeting or any adjournment thereof, or at the discretion of the Chairman of the Meeting, delivered to the Chairman of the Meeting prior to the commencement of the Meeting or an adjourned meeting.

A shareholder who has given a proxy may revoke it by an instrument in writing executed by the shareholder or by his or her attorney authorized in writing or, where the shareholder is a corporation, by a duly authorized officer or attorney of the corporation, and delivered either to the registered office of the Company, 1800 – 510 West Georgia Street, Vancouver, British Columbia, V6B 0M3, at any time up to and including the last business day preceding the day of the Meeting, or if adjourned, any reconvening thereof, or to the Chairman of the Meeting on the day of the Meeting or, if adjourned, any reconvening thereof or in any other manner provided by law. A revocation of a proxy does not affect any matter on which a vote has been taken prior to the revocation.

INFORMATION FOR NON-REGISTERED (BENEFICIAL) OWNERS OF SHARES

The shares owned by many shareholders of the Company are not registered on the records of the Company in the beneficial shareholders' own names. Rather, such shares are registered in the name of a securities dealer, bank or other intermediary, or in the name of a clearing agency (referred to in this Information Circular as an “**intermediary**” or “**intermediaries**”). Shareholders who do not hold their shares in their own names (referred to in this Information Circular as “**non-registered owners**”) should note that **only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. A non-registered owner cannot be recognized at the Meeting for the purpose of voting his shares unless such holder is appointed by the applicable intermediary as a proxyholder.**

Non-registered owners who have not objected to their intermediary disclosing certain ownership information about themselves to the Company are referred to as “NOBOs”. Those non-registered owners who have objected to their intermediary disclosing ownership information about themselves to the Company are referred to as “OBOs”.

In accordance with applicable securities regulatory policy, the Company has elected to seek voting instructions directly from NOBOs. The intermediaries (or their service companies) are responsible for forwarding this Information Circular and other Meeting Materials to each OBO, unless the OBO has waived the right to receive them.

Meeting Materials sent to non-registered owners who have not waived the right to receive Meeting Materials are accompanied by a request for voting instructions (a “**VIF**”). This form is provided instead of a proxy. By returning the VIF in accordance with the instructions noted on it, a non-registered owner is able to instruct the registered shareholder how to vote on behalf of the non-registered owner. VIFs, whether provided by the Company or by an intermediary, should be completed and returned in accordance with the specific instructions noted on the VIF.

In either case, the purpose of this procedure is to permit non-registered owners to direct the voting of the shares which they beneficially own. If a non-registered owner who receives a VIF wishes to attend the Meeting or have someone else attend on his behalf, then the non-registered owner may request a legal proxy as set forth in the VIF, which will grant the non-registered owner or his nominee the right to attend and vote at the Meeting.

In addition to those procedures, National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“NI 54-101”), allows a NOBO to submit to the Company or an applicable intermediary any document in writing that requests that such NOBO or its nominee be appointed as the NOBO's proxyholder. If such a request is received, the Company or the intermediary, as applicable, must arrange, without expense to the NOBO, to appoint such NOBO or its nominee as a proxyholder and to deposit that proxy within the time specified in this Information Circular, provided that the Company or the intermediary receives such written instructions at least one business day prior to the time at which proxies are to be submitted for use at the Meeting; accordingly, any such request must be received by 10:00 A.M. (Pacific time) on May 18, 2018.

The Company does not intend to pay for intermediaries to forward to OBOs under NI 54-101 the proxy-related materials and Form 54-101F7 – *Request for Voting Instructions Made by Intermediary*, and an OBO will not receive those materials unless the OBO's intermediary assumes the cost of delivery.

IF YOU ARE A NON-REGISTERED OWNER AND WISH TO VOTE IN PERSON AT THE MEETING, PLEASE REFER TO THE INSTRUCTIONS SET OUT ON THE “REQUEST FOR VOTING INSTRUCTIONS” (VIF) THAT ACCOMPANIES THIS INFORMATION CIRCULAR.

EXERCISE OF DISCRETION

Shares represented by proxy are entitled to be voted on a show of hands or any poll and, where a choice with respect to any matter to be acted upon has been specified in the form of proxy, the shares will be voted or withheld from voting in accordance with the specification so made.

SUCH SHARES WILL BE VOTED FOR EACH MATTER FOR WHICH NO CHOICE HAS BEEN SPECIFIED BY THE SHAREHOLDER

The enclosed form of proxy when properly completed and delivered and not revoked confers discretionary authority upon the person appointed proxy thereunder to vote with respect to amendments or variations of matters identified in the Notice of Meeting, and with respect to other matters which may properly come before the Meeting. In the event that amendments or variations to matters identified in the Notice of Meeting are properly brought before the Meeting or any further or other business is properly brought before the Meeting, it is the intention of the persons designated in the enclosed form of proxy to vote in accordance with their best judgment on such matters or business. At the time of the printing of this Information Circular, the management of the Company knows of no such amendment, variation or other matter which may be presented to the Meeting.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

As at the date hereof, the Company has issued and outstanding 54,679,939 fully paid and non-assessable common shares, each share carrying the right to one vote. **THE COMPANY HAS NO OTHER CLASSES OF VOTING SECURITIES.**

Any shareholder of record at the close of business on April 19, 2018 who either personally attends the Meeting or who has completed and delivered a form of proxy in the manner and subject to the provisions described above shall be entitled to vote or to have his shares voted at the Meeting.

To the knowledge of the directors and executive officers of the Company, there are no persons or companies who beneficially own, or control or direct, directly or indirectly, shares carrying 10% or more of the voting rights attached to all outstanding shares of the Company.

ELECTION OF DIRECTORS

The Board of directors presently consists of six directors. It is intended to set the number of directors at seven and to elect seven directors for the ensuing year.

The term of office of each of the present directors expires at the Meeting. At the Meeting, management intends to nominate for re-election all incumbent directors, and to propose a new nominee to the Board of directors, Alastair McBain. The Board believes Mr. McBain would complement the existing composition of the Board and bring significant experience as described below.

Mr. McBain is a graduate of Oxford University and has over 37 years' experience in the oil industry. He spent the first 17 years of his career with Shell in numerous senior international postings including assignments in Singapore, Dubai, China and Venezuela. Prior to leaving Shell, he worked in their natural gas business with specific responsibility for the development of LNG projects. He joined the Vitol Group in 1995 to head up the growth of the group's portfolio of upstream assets and became CEO of Arawak Energy in September 2002. Arawak Energy was listed on the Toronto Stock Exchange and was admitted to the London Stock Exchange in July 2008 before being privatized in 2009, becoming a wholly owned subsidiary of the Vitol Group, the world's largest independent energy trading company. Mr. McBain serves as Chairman of the Board of Geo-Alliance, a leading independent producer of gas and gas liquids in the Ukraine, which is a joint venture between Arawak Energy and a prominent Ukrainian businessman and philanthropist.

The persons named below will be presented for election at the Meeting as management's nominees and the persons named in the accompanying form of proxy intend to vote for the election of these nominees. Management does not contemplate that any of these nominees will be unable to serve as a director. Each director elected will hold office until the next annual general meeting of the Company or until his successor is elected or appointed, unless his office is earlier vacated in accordance with the Articles of the Company, or with the provisions of the *Business Corporations Act* (British Columbia) (the "**Act**").

Compensation Discussion and Analysis

Compensation, Philosophy and Objectives

Remuneration plays an important role in attracting, motivating, rewarding and retaining knowledgeable and skilled individuals to the Company's management team. The Company does not have a formal compensation program. The Compensation Committee meets to discuss and determine management compensation, without reference to formal objectives, criteria or analysis.

The Compensation Committee seeks to ensure that total compensation paid to all Named Executive Officers is fair and reasonable. The Compensation Committee reviews compensation paid to executives of companies similar in size and stage of development in the service industry, including Foraco International S.A., Major Drilling International Inc. and Orbit Garant Drilling Inc., and determines an appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the executives while taking into account the financial and other resources of the Company.

Analysis of Elements

Base salary is used to provide the Named Executive Officers with a set compensation during the year with the expectation that each Named Executive Officer will perform his responsibilities to the best of his ability and in the best interests of the Company.

The Company entered into an executive employment agreement (the "**Davidson Agreement**") with Mr. Davidson on April 1, 2005. For the financial year ending December 31, 2017, the Company paid Mr. Davidson a salary of \$432,000 for his services as CEO and President. Mr. Davidson also earned an amount of \$25,000 for his services as a Director, of which \$6,125 was accrued and not paid as at December 31, 2017. (See "Termination and Change of Control Benefits" for more information about the Davidson Agreement.)

For the financial year ending December 31, 2017, the Company paid Mr. Gold a salary of \$200,000 for his services as CFO of the Company.

For the financial year ending December 31, 2017, the Company paid Mr. Hamel a salary of \$250,000 for his services as President of the Company's subsidiary, Cros-Man Direct Underground Ltd.

For the financial year ending December 31, 2017, the Company paid Mr. Brian Bertram a salary of \$220,000 for his services as President of the Company's subsidiary, Bertram Drilling Corp.

For the financial year ending December 31, 2017, the Company paid Mr. Darrell Bertram a salary of \$220,000 for his services as Vice President of Operations for the Company's subsidiary, Bertram Drilling Corp.

The salaries, bonuses and other fees described above were determined by the Company's Compensation Committee.

The Company considers the granting of incentive stock options to be a significant component of executive compensation as it allows the Company to reward each Named Executive Officer's efforts to increase value for shareholders without requiring the Company to use cash from its treasury. Stock options are generally awarded to directors, officers, consultants and employees at the commencement of employment and periodically thereafter. The terms and conditions of the Company's stock option grants, including vesting provisions and exercise prices, are governed by the terms of the Company's Share Option Plan dated for reference May 24, 2017 (the "**Share Option Plan**") and as determined by the Board at the time of the grant. The purpose of granting options is to assist the Company in compensating,

attracting, retaining and motivating the Named Executive Officers and directors of the Company and to closely align the personal interests of such persons to that of the shareholders.

Option-Based Awards

The Company has no long-term incentive plans other than its Share Option Plan. The Company's directors, officers, consultants and employees are entitled to participate in the Share Option Plan. The Plan is designed to encourage share ownership and entrepreneurship on the part of the senior management and other employees. The Board believes that the Share Option Plan aligns the interests of the Named Executive Officers and the Board with shareholders by linking a component of executive compensation to the longer-term performance of the Company's common shares.

Options are granted by the Board of Directors. In monitoring or adjusting the option allotments, the Board takes into accounts its own observations on individual performance (where possible) and its assessment of individual contribution to shareholder value, previous option grants and the objectives set for the Named Executive Officers and the Board. The scale of options is generally commensurate to the appropriate level of base compensation for each level of responsibility.

In addition to determining the number of options to be granted pursuant to the methodology outlined above, the Board also makes the following determinations:

- (a) parties who are entitled to participate in the Share Option Plan;
- (b) the exercise price for each stock option granted, subject to the provision that the exercise price cannot be lower than prescribed discount permitted by the TSX Venture Exchange (the "TSXV") from the market price on the date of grant;
- (c) the date on which each option is granted;
- (d) the vesting period, if any, for each stock option;
- (e) the other material terms and conditions of each stock option grant; and
- (f) any re-pricing or amendment to a stock option grant.

The Board makes these determinations subject to and in accordance with the provisions of the Share Option Plan. The Board reviews and approves grants of options generally on an annual basis and periodically during a financial year.

Pursuant to the Share Option Plan, the Board grants options to directors, executive officers, employees and consultants as incentives.

The Compensation Committee recommends option grants to the Board. The Company granted stock options exercisable to purchase 1,887,500 shares of the Company to Named Executive Officers during the financial year ended December 31, 2017.

The Board is recommending that continuance of the Share Option Plan be approved at the Meeting. For further particulars please see "Particulars of Other Matters to Be Acted Upon - Continuance of Share Option Plan".

Compensation Governance

For more information about the Compensation Committee and its compensation policies, please see the "Corporate Governance – Compensation of Directors and the CEO".

CORPORATE GOVERNANCE

National Policy 58-201 - *Corporate Governance Guidelines*, establishes corporate governance guidelines which apply to all public companies. The Company has reviewed its own corporate governance practices in light of these guidelines and, as prescribed by National Instrument 58-101 - *Disclosure of Corporate Governance Practices*, the Company discloses the following:

Board of Directors

The Company's Board facilitates its independent supervision over management through regular meetings of the Board, both with and without members of the Company's management (including members of management who are also directors) being in attendance.

Independence of Members of the Board

The Company's current Board consists of six directors, three of whom are independent based upon the tests for independence set forth in NI 52-110.

Wayne D. Lenton, Michael J. Beley and Mark A. Corra are independent. Frederick W. Davidson is not independent as he is the Company's President and CEO; James H. Coleman is not independent as he is the Company's Chairman and a partner of Norton Rose Fulbright Canada LLP, legal counsel to the Company; and, Ethan Park is not independent as he is a partner of Extract Advisors LLC which received an arrangement fee, including warrants, in connection with the Company's \$20 million private placement of convertible secured debentures completed in June 2017. Additionally, pursuant to a nomination rights agreement entered into between the Company and Extract Advisors LLC, the Company appointed Ethan Park to its Board of Directors.

Alastair McBain, if elected to the Board by shareholders at the Meeting, will be an independent director.

The mandate of the Board, as prescribed by the Act, is to manage or supervise management of the Company's business and affairs and to act with a view to the best interests of the Company. In doing so, the Board oversees the management of the Company's affairs directly and through its committees.

Management Supervision by the Board

The operations of the Company do not support a large Board and the Board has determined that the proposed constitution of the Board is appropriate for the Company's current stage of development. Independent supervision of management is accomplished through choosing management who demonstrate a high level of integrity and ability and having strong independent Board members. The

independent directors are, however, able to meet at any time without any members of management including the non-independent directors being present. Further supervision is performed through the Audit Committee which is composed of a majority of independent directors who meet with the Company's auditors without management being in attendance. The independent directors exercise their responsibilities for independent oversight of management through their majority control of the Board. The Board may appoint a lead director to direct Board operations.

Board members have full access to the Company's records.

Ethical Business Conduct

The Board views good corporate governance as an integral component to the Company's success and to meet responsibilities to shareholders.

The Board has adopted a series of policies ("**Policies**") concerning conduct of its employees and directors that is posted on its website at www.energold.com, under Policies of the Board. The Board has instructed its management and employees to abide by these Policies and to bring any breaches of these Policies to the attention of the Board. The Board conducts a continual review and updating of its Policies.

The Board requires that directors and executive officers who have an interest in a transaction or agreement with the Company promptly disclose that interest at any meeting of the Board at which the transaction or agreement will be discussed and abstain from discussions and voting in respect to same if the interest is material or if required to do so by applicable corporate or securities law.

Nomination of Directors

The Board has responsibility for identifying potential Board candidates. The Board assesses potential Board candidates to fill perceived needs on the Board for required skills, expertise, independence and other factors. Members of the Board and representatives of the mineral exploration industry are consulted for possible candidates.

Compensation of Directors and the CEO

The Board has adopted a written charter that sets forth the responsibilities, powers and operations of the Compensation Committee. The Compensation Committee is responsible for reviewing all overall compensation strategy, objectives and policies; annually reviewing and assessing the performance of the executive officers; recommending to the Board the compensation of the executive officers; reviewing executive appointments; and recommending the adequacy and form of directors' compensation.

The members of the Compensation Committee are James H. Coleman, Michael J. Beley and Wayne D. Lenton, of whom Messrs. Beley and Lenton are independent. The Compensation Committee is responsible for determining compensation for the directors and senior management.

To determine compensation payable, the independent directors review compensation paid for directors and CEOs of companies of similar size and stage of development in the Company's industry and

determines an appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the directors and senior management while taking into account the financial and other resources of the Company. In setting the compensation, the independent directors annually review the performance of the CEO in light of the Company's objectives and consider other factors that may have impacted the Company's success in achieving the Company's objectives.

Other Board Committees

The Company also has a Health and Safety Committee, the members of which are Michael J. Beley and Wayne D. Lenton. As the directors are actively involved in the Company's operations and the size of the Company's operations does not warrant a larger board of directors, the Board has determined that additional committees are not necessary at this stage of the Company's development.

Assessments

The Board does not consider that formal assessments would be useful at this stage of the Company's development. The Board conducts informal annual assessments of the Board's effectiveness, the individual directors and each of its committees. To assist in its review, the Board conducts informal surveys of its directors and receives reports from each committee respecting its own effectiveness. As part of the assessments, the Board or the individual committee may review their respective mandate or charter and conduct reviews of applicable corporate policies.

Continuance of Share Option Plan

In accordance with the policies of the TSXV governing stock options, all issuers are required to adopt a share option plan pursuant to which stock options may be granted. As set forth under the heading "Executive Compensation – Option-Based Awards" above, the Company has in place a Share Option Plan (the "**Plan**") as previously approved by the directors, and as also first approved by the shareholders of the Company at the Annual General Meeting held on May 24, 2017.

The Plan is in place for the benefit of directors, officers, employees, management employees and consultants of the Company and of its subsidiaries (the "**Participants**"). As of April 19, 2018, a total of 3,887,500 options are outstanding under the Plan. The Plan provides that the directors of the Company

may grant options to purchase common shares on terms that the directors may determine, within the limitations of the Plan. The maximum aggregate number of common shares that may be reserved for issuance under the Plan and all other share compensation arrangements of the Company is 10% of the Company's issued and outstanding shares at the date of grant. This is a "rolling" Plan as the number of shares reserved for issuance pursuant to the grant of stock options will increase or decrease as the Company's issued and outstanding share capital changes. The exercise price of an option issued under the Plan is determined by the directors but may not be less than the closing market price of the Company's shares on the day preceding the date of granting of the option less any available discount, in accordance with the policies of the TSXV. No option may be granted for a term longer than 10 years. An option may expire on such earlier date or dates as may be fixed by the Board, subject to earlier termination in the event the optionee ceases to be eligible under the Plan by reason of death, retirement or otherwise.

The Plan provides for the following restrictions: (i) no Participant may be granted an option if that option would result in the total number of stock options granted to the Participants in the previous 12 months, exceeding 5% of the issued and outstanding common shares unless the Company has obtained disinterested shareholder approval in accordance with the policies of the TSXV; (ii) the aggregate number of options granted to Participants conducting Investor Relations Activities (as defined in the policies of the TSXV) in any 12 month period must not exceed 2% of the issued and outstanding common shares, calculated at the time of grant; and, (iii) the aggregate number of options granted to any one consultant in any 12 month period must not exceed 2% of the issued and outstanding common shares, calculated at the time of grant. In addition, Options granted to consultants conducting Investor Relations Activities will vest over a period of not less than 12 months as to 25% on the date that is three months from the date of grant, and a further 25% on each successive date that is three months from the date of the previous vesting or such longer vesting period as the Board may determine. Vesting of Options is otherwise at the discretion of the Board.

The policies of the TSXV require that the Plan be approved by shareholders annually, at the Company's annual general meeting. Continuation of the Plan will be subject to the approval of the shareholders of the Company and review and acceptance by the TSXV.

A copy of the Plan will be available at the Meeting for review by shareholders. In addition, a copy of the Plan is available on SEDAR at www.sedar.com, or shareholders may obtain a copy of the Plan from the Company prior to the Meeting, please see "Additional Information" below.
