INFORMATION CIRCULAR
as of April 19, 2016 (unless otherwise noted)

MANAGEMENT SOLICITATION OF PROXIES

The Company is providing this Information Circular and a form of proxy in connection with management's solicitation of proxies for use at the annual general meeting (the "**Meeting**") of the Company to be held on May 24, 2016 and at any adjournments. Unless the context otherwise requires, when we refer in this Information Circular to the Company, its subsidiaries are also included. The Company will conduct its solicitation by mail and officers and employees of the Company may, without receiving special compensation, also telephone or make other personal contact. The Company will not reimburse shareholders, nominees, or agents for their costs of obtaining authorization from their principals to sign forms of proxy. The Company will pay the cost of solicitation.

APPOINTMENT OF PROXYHOLDER

The purpose of a proxy is to designate persons who will vote the proxy on your behalf in accordance with the instructions given by you in the proxy. The persons whose names are printed in the enclosed form of proxy are officers or Directors of the Company (the "**Management Proxyholders**").

As a shareholder, you have the right to appoint a person other than a Management Proxyholder, to represent you at the Meeting by striking out the names of the Management Proxyholders and by inserting the desired person's name in the blank space provided or by executing a proxy in a form similar to the enclosed form. A proxyholder need not be a shareholder.

VOTING BY PROXY

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Shares represented by a properly executed proxy will be voted or be withheld from voting on each matter referred to in the Notice of Meeting in accordance with your instructions on any ballot that may be called for and if you specify a choice with respect to any matter to be acted upon, the shares will be voted accordingly.

If you do not specify a choice and you have appointed one of the Management Proxyholders as proxyholder, the Management Proxyholder will vote in favour of the matters specified in the Notice of Meeting and in favour of all other matters proposed by management at the Meeting.

The enclosed form of proxy also gives discretionary authority to the person named therein as proxyholder with respect to amendments or variations to matters identified in the Notice of the Meeting and with respect to other matters which may properly come before the Meeting. At the date of this Information Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting.

COMPLETION AND RETURN OF PROXY

You must deliver the completed form of proxy to the office of the Company's registrar and transfer agent, Computershare Investor Services Inc. of Canada by hand or mail to 2nd Floor, 510 Burrard Street,

Vancouver, British Columbia, V6C 3B9, or to the Company's head office at the address listed on the cover page of this Information Circular, not less than 48 hours (excluding Saturdays, Sundays, and holidays) before the scheduled time of the Meeting or any adjournment. Alternatively, Shareholders may vote by telephone or internet and, if so, it is not necessary to return the proxy. Reference is made to the form of proxy for the specific instructions as to voting by telephone or internet. The Chairman of the Meeting shall have discretion to accept late proxies.

NON-REGISTERED SHAREHOLDERS

Only shareholders whose names appear on the records of the Company as the registered holders of shares or duly appointed proxyholders are permitted to vote at the Meeting. Most of the Company's shareholders are "non-registered" shareholders because the shares they own are not registered in their names but instead registered in the name of a nominee such as a brokerage firm through which they purchased the shares; bank, trust company, trustee or administrator of self-administered RRSP's, RRIF's, RESP's and similar plans; or clearing agency such as The Canadian Depository for Securities Limited (a "Nominee"). If you purchased your shares through a broker, you are likely an unregistered holder.

Non-registered holders who have not objected to their Nominee disclosing certain ownership information about themselves to the Company are referred to as "**NOBOs**". Those non-registered holders who have objected to disclosing ownership information about themselves to the Company are referred to as "**OBOs**".

In accordance with securities regulatory policy, the Company has distributed copies of the Meeting materials, being the Notice of Meeting, this Information Circular and the Proxy, to the Nominees for distribution to non-registered holders.

Nominees are required to forward the Meeting materials to non-registered holders to seek their voting instructions in advance of the Meeting. Shares held by Nominees can only be voted in accordance with the instructions of the non-registered holder. The Nominees often have their own form of proxy, mailing procedures and provide their own return instructions. If you wish to vote by proxy, you should carefully follow the instructions from the Nominee in order that your Shares are voted at the Meeting.

Meeting materials sent to non-registered holders who have not waived the right to receive Meeting Materials are accompanied by a request for voting instructions (a "**VIF**"). This form is instead of a proxy. By returning the VIF in accordance with the instructions noted on it, a non-registered shareholder is able to instruct the registered shareholder (or Nominee) how to vote on behalf of the non-registered shareholder. VIFs, whether provided by the Company or by a Nominee, should be completed and returned in accordance with the specific instructions noted on the VIF.

If you, as a non-registered holder, wish to vote at the Meeting in person, you should appoint yourself as proxyholder by writing your name in the space provided on the request for voting instructions or proxy provided by the Nominee and return the form to the Nominee in the envelope provided. Do not complete the voting section of the form as your vote will be taken at the Meeting.

In either case, the purpose of this procedure is to permit non-registered shareholders to direct the voting of the shares which they beneficially own. Non-registered shareholders should carefully follow the instructions set out in the VIF including those regarding when and where the VIF is to be delivered. Should a non-registered holder who receives a VIF wish to attend the Meeting or have someone else attend on his/her behalf, the non-registered holder may request (in writing) to the Company or its Nominee, as applicable, without expense to the non-registered holder, that the non-registered holder or his/her nominee be appointed as proxyholder and have the right to attend and vote at the Meeting.

In addition, Canadian securities legislation now permits the Company to forward meeting materials directly to “non-objecting beneficial owners”. If the Company or its agent has sent these materials directly to you (instead of through a Nominee), your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Nominee holding on your behalf. By choosing to send these materials to you directly, the Company (and not the Nominee holding on your behalf) has assumed responsibility for: (i) delivering these materials to you; and (ii) executing your proper voting instructions.

REVOCABILITY OF PROXY

If you are a registered shareholder who has returned a proxy, you may revoke your proxy at any time before it is exercised. In addition to revocation in any other manner permitted by law, as a registered shareholder, you or your attorney authorized in writing or, if you are a corporation, by an authorized director, officer or attorney of the corporation, may revoke it by either:

- (a) signing a proxy bearing a later date; or
- (b) signing a written notice of revocation in the same manner as the form of proxy is required to be signed as set out in the notes to the proxy; or
- (c) attending the Meeting in person and registering with the scrutineer as a registered shareholder present in person.

Only registered shareholders have the right to revoke a proxy. The later proxy or the notice of revocation must be delivered to the office of the Company’s registrar and transfer agent or to the Company’s head office at any time up to and including the last business day before the scheduled time of the Meeting or any adjournment, or to the Chairman of the Meeting on the day of the Meeting or any adjournment.

If you are a non-registered shareholder who wishes to revoke a proxy authorization form (voting instructions) or to revoke a waiver of your right to receive Meeting materials and to give voting instructions, you must give written instructions to your Nominee at least seven days before the Meeting.

VOTING SHARES AND PRINCIPAL SHAREHOLDERS

The Company is authorized to issue an unlimited number of common shares without par value (the “**shares**”), of which 48,181,247 shares are issued and outstanding as of April 19, 2016. There is only one class of shares.

Persons who are registered shareholders at the close of business on April 19, 2016 will be entitled to receive notice of and vote at the Meeting. On a show of hands, every shareholder and proxyholder will have one vote and, on a poll, every shareholder present in person or represented by proxy will have one vote for each share. In order to approve a motion proposed at the Meeting, a majority of more than 50% of the votes cast will be required to pass an ordinary resolution, and a majority of at least two thirds (2/3) of the votes cast will be required to pass a special resolution.

To the knowledge of the Company’s directors and executive officers, no person or company beneficially owns, directly or indirectly, or exercises control or direction over, shares carrying 10% or more of all voting rights attached to all shares of the Company, except the following:

CDS & Co ⁽¹⁾	42,827,119	88.89%

ELECTION OF DIRECTORS

The Directors of the Company are elected at each annual general meeting and hold office until the next annual general meeting or until that person sooner ceases to be a director. The shareholders will be asked to pass an ordinary resolution to set the number of directors of the Company at six for the next year, subject to any increases permitted by the Company's Articles.

Shareholder approval will be sought to fix the number of directors of the Company at six.

The Company has three committees, a Compensation Committee, an Audit Committee and a Health and Safety Committee. Members of these committees are set out below.

Unless you provide other instructions, the enclosed proxy will be voted for the nominees listed below, all of whom are presently members of the Board of Directors (the "**Board**"). Management does not expect that any of the nominees will be unable to serve as a director. Compensation Discussion and Analysis

Compensation, Philosophy and Objectives

Remuneration plays an important role in attracting, motivating, rewarding and retaining knowledgeable and skilled individuals to the Company's management team. The Company does not have a formal compensation program. The Compensation Committee meets to discuss and determine management compensation, without reference to formal objectives, criteria or analysis.

The Compensation Committee seeks to ensure that total compensation paid to all Named Executive Officers is fair and reasonable. The Compensation Committee reviews compensation paid to executives of companies similar in size and stage of development in the industry and determines an appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the executives while taking into account the financial and other resources of the Company.

Analysis of Elements

Base salary is used to provide the Named Executive Officers with a set compensation during the year with the expectation that each Named Executive Officer will perform his responsibilities to the best of his ability and in the best interests of the Company.

The Company entered into an executive employment agreement (the “**Davidson Agreement**”) with Mr. Davidson on April 1, 2005. For the financial year ending December 31, 2015, the Company paid Mr. Davidson a salary of \$432,000, a cash bonus of \$67,500 for his services as CEO and President. Mr. Davidson also earned an amount of \$25,500 for his services as a Director, of which the total amount was accrued and not paid as at December 31, 2015. (See “Termination and Change of Control Benefits” for more information about the Davidson Agreement.)

For the financial year ending December 31, 2015, the Company paid Mr. Gold a salary of \$200,000 and a cash bonus of \$40,000 for his services as CFO of the Company.

For the financial year ending December 31, 2015, the Company paid Mr. Fitch-Roy a salary of \$264,089 for his services as Managing Director of the Company’s subsidiary, Dando Drilling International Ltd.

For the financial year ending December 31, 2015, the Company paid Mr. Brian Bertram a salary of \$250,000 and bonus of \$156,546 was earned and accrued and not paid as of December 31, 2015 for his services as President of the Company's subsidiary, Bertram Drilling Corp.

For the financial year ending December 31, 2015, the Company paid Mr. Darrell Bertram a salary of \$250,000 and bonus of \$156,546 was earned and accrued and not paid as of December 31, 2015 for his services as Vice President of Operations for the Company's subsidiary, Bertram Drilling Corp.

The salaries, bonuses and other fees described above were determined by the Company's Compensation Committee.

The Company considers the granting of incentive stock options to be a significant component of executive compensation as it allows the Company to reward each Named Executive Officer’s efforts to increase value for shareholders without requiring the Company to use cash from its treasury. Stock options are generally awarded to directors, officers, consultants and employees at the commencement of employment and periodically thereafter. The terms and conditions of the Company’s stock option grants, including vesting provisions and exercise prices, are governed by the terms of the Company’s stock option plan and as determined by the Board at the time of the grant. The purpose of granting options is to assist the Company in compensating, attracting, retaining and motivating the Named Executive Officers and Directors of the Company and to closely align the personal interests of such persons to that of the shareholders.

Option-based Awards

The Company has no long term incentive plans other than its stock option plan. The Company’s directors, officers, consultants and employees are entitled to participate in the stock option plan. The stock option plan is designed to encourage share ownership and entrepreneurship on the part of the senior management and other employees. The Board believes that the stock option plan aligns the interests of the Named Executive Officer and the Board with shareholders by linking a component of executive compensation to the longer term performance of the Company’s common shares.

Options are granted by the Board of Directors. In monitoring or adjusting the option allotments, the Board takes into accounts its own observations on individual performance (where possible) and its assessment of individual contribution to shareholder value, previous option grants and the objectives set for the Named

Executive Officers and the Board. The scale of options is generally commensurate to the appropriate level of base compensation for each level of responsibility.

In addition to determining the number of options to be granted pursuant to the methodology outlined above, the Board also makes the following determinations:

- parties who are entitled to participate in the stock option plan;
- the exercise price for each stock option granted, subject to the provision that the exercise price cannot be lower than prescribed discount permitted by the TSX Venture Exchange (the “**Exchange**”) from the market price on the date of grant;
- the date on which each option is granted;
- the vesting period, if any, for each stock option;
- the other material terms and conditions of each stock option grant; and
- any re-pricing or amendment to a stock option grant.

The Board makes these determinations subject to and in accordance with the provisions of the stock option plan. The Board reviews and approves grants of options generally on an annual basis and periodically during a financial year.

Pursuant to the Company’s stock option plan, the Board grants options to directors, executive officers, employees and consultants as incentives.

The Compensation Committee recommends option grants to the Board. The Company granted stock options exercisable to purchase 455,000 shares of the Company to Named Executive Officers during the financial year ended December 31, 2015.

The primary function of the Audit Committee is to assist the Board in fulfilling its financial oversight responsibilities by reviewing the financial reports and other financial information provided by the Company to regulatory authorities and shareholders, the Company's systems of internal controls regarding finance and accounting and the Company's auditing, accounting and financial reporting processes. Consistent with this function, the Audit Committee will encourage continuous improvement of, and should foster adherence to, the Company's policies, procedures and practices at all levels. The Audit Committee's primary duties and responsibilities are to:

- Serve as an independent and objective party to monitor the Company's financial reporting and internal control system and review the Company's financial statements.
- Review and appraise the performance of the Company's external auditors.
- Provide an open avenue of communication among the Company's auditors, financial and senior management and the Board of Directors.

Unless a Chair is elected by the full Board of Directors, the members of the Audit Committee may designate a Chair by a majority vote of the full Audit Committee membership.

 - i. the aggregate amount of all such non-audit services provided to the Company constitutes not more than five percent of the total amount of revenues paid by the Company to its external auditors during the fiscal year in which the non-audit services are provided;

CORPORATE GOVERNANCE

National Policy 58-201 *Corporate Governance Guidelines* establishes corporate governance guidelines which apply to all public companies. The Company has reviewed its own corporate governance practices in light of these guidelines and, as prescribed by National Instrument 58-101 *Disclosure of Corporate Governance Practices*, the Company discloses the following:

1. Board of Directors

The Company's Board facilitates its independent supervision over management through regular meetings of the Board, both with and without members of the Company's management (including members of management who are also directors) being in attendance.

2. Independence of Members of the Board

The Company's current Board consists of six directors, four of whom are independent based upon the tests for independence set forth in NI 52-110.

Wayne D. Lenton, Michael J. Beley, Mark Corra, and Wolfram K. H. Raymer are independent. Frederick W. Davidson is not independent as he is the Company's President and CEO. James H. Coleman is not independent as he is the Company's Chairman.

The mandate of the Board, as prescribed by the BCBCA, is to manage or supervise management of the Company's business and affairs and to act with a view to the best interests of the Company. In doing so, the Board oversees the management of the Company's affairs directly and through its committees.

3. Management Supervision by Board

The operations of the Company do not support a large Board and the Board has determined that the proposed constitution of the Board is appropriate for the Company's current stage of development. Independent supervision of management is accomplished through choosing management who demonstrate a high level of integrity and ability and having strong independent Board members. The independent directors are, however, able to meet at any time without any members of management including the non-independent directors being present. Further supervision is performed through the Audit Committee which is composed of a majority of independent directors who meet with the Company's auditors without management being in attendance. The independent directors exercise their responsibilities for independent oversight of management through their majority control of the Board. The Board may appoint a lead director to direct Board operations.

4. Participation of Directors in Other Reporting Issuers

The participation of the Directors in other reporting issuers is described in the table provided under "Election of Directors" in this Information Circular.

5. Participation of Directors in Board Meetings

In the year ended December 31, 2015, six board meetings were held. The attendance record of each Director for the board meetings held is as follows:

<i>Name of Director</i>	<i>Number of Board Meetings Attended in the Most Recently Completed Financial Year</i>
Frederick Davidson	6
James H. Coleman	6
Wayne D. Lenton	6
Michael J. Beley	5
Mark Corra	6
H. Walter Sellmer ⁽¹⁾	2
Wolfram K. H. Raymer ⁽²⁾	1

⁽¹⁾ Mr. Sellmer resigned as a director of the Company on June 22, 2015.

⁽²⁾ Mr. Raymer was appointed on December 21, 2015.

6. Board Mandate

The Board has not adopted a written mandate; however, it delineates certain roles and responsibilities as set out in its employment agreements.

7. Position Descriptions

The Board has not adopted position descriptions for the Chair of the Board and for the chairs of each of its committees. The Board has adopted a position description for the CEO, as set forth in the Company's employment agreement with the CEO.

8. Orientation and Continuing Education

While the Company does not have formal orientation and training programs, new Board members are provided with:

- (a) information respecting the functioning of the Board Directors, committees and copies of the Company's corporate governance policies;
- (b) access to recent, publicly filed documents of ours, technical reports and the Company's internal financial information;
- (c) access to management and technical experts and consultants; and
- (d) a summary of significant corporate and securities responsibilities.

Board members are encouraged to communicate with management, auditors and technical consultants; to keep themselves current with industry trends and developments and changes in legislation with management's assistance; and to attend related industry seminars and visit the Company's operations. Board members have full access to the Company's records.

9. Ethical Business Conduct

The Board views good corporate governance as an integral component to the Company's success and to meet responsibilities to shareholders.

The Board has adopted a series of policies ("Policies") concerning conduct of its employees and directors that is posted on its website at www.energold.com, under Policies of the Board. The Board has instructed its management and employees to abide by these Policies and to bring any breaches of these Policies to the attention of the Board. The Board conducts a continual review and updating of its Policies.

The Board requires that directors and executive officers who have an interest in a transaction or agreement with the Company promptly disclose that interest at any meeting of the Board at which the transaction or agreement will be discussed and abstain from discussions and voting in respect to same if the interest is material or if required to do so by applicable corporate or securities law.

10. Nomination of Directors

The Board has responsibility for identifying potential Board candidates. The Board assesses potential Board candidates to fill perceived needs on the Board for required skills, expertise, independence and other factors. Members of the Board and representatives of the mineral exploration industry are consulted for possible candidates.

11. Compensation of Directors and the CEO

The Board has adopted a written charter that sets forth the responsibilities, powers and operations of the Compensation Committee. The Compensation Committee is responsible for reviewing all overall compensation strategy, objectives and policies; annually reviewing and assessing the performance of the executive officers; recommending to the Board the compensation of the executive officers; reviewing executive appointments; and recommending the adequacy and form of directors' compensation.

The Compensation Committee meets at least once annually. The members of the Compensation Committee are James H. Coleman, Michael J. Beley and Wayne D. Lenton, of whom Messrs. Beley and Lenton are independent. These Directors have the responsibility for determining compensation for the directors and senior management.

To determine compensation payable, the independent directors review compensation paid for directors and CEOs of companies of similar size and stage of development in the Company's industry and determines an appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the directors and senior management while taking into account the financial and other resources of the Company. In setting the compensation, the independent directors annually review the performance of the CEO in light of the Company's objectives and consider other factors that may have impacted the Company's success in achieving the Company's objectives.

12. Other Board Committees

The Company also has a Health and Safety Committee, the members of which are Michael J. Beley and Wayne D. Lenton. As the directors are actively involved in the Company's operations and the size of the Company's operations does not warrant a larger board of directors, the Board has determined that additional committees are not necessary at this stage of the Company's development.

Assessments

The Board does not consider that formal assessments would be useful at this stage of the Company's development. The Board conducts informal annual assessments of the Board's effectiveness, the individual directors and each of its committees. To assist in its review, the Board conducts informal surveys of its directors and receives reports from each committee respecting its own effectiveness. As part of the assessments, the Board or the individual committee may review their respective mandate or charter and conduct reviews of applicable corporate policies.

Ratification and Approval of 2016 Stock Option Plan

The Board implemented a 10% rolling stock option plan for the Company effective April 20, 2015, as subsequently approved at the Company's annual general meeting held in 2015 (the "**2015 Plan**"). The number of Shares which may be issued pursuant to options previously granted and those granted under the 2015 Plan is a maximum of 10% of the issued and outstanding Shares at the time of the grant. In addition, the number of Shares which may be reserved for issuance to any one individual may not exceed 5% of the issued Shares on a yearly basis. On April 15, 2016, the Directors adopted its 2016 Stock Option Plan (the "**2016 Plan**") with similar terms as the 2015 Plan to replace its 2015 Plan. Under Exchange policy, all such rolling stock option plans which set the number of shares issuable under the plan at a maximum of 10% of the issued and outstanding shares must be approved and ratified by shareholders on an annual basis. The 2016 Plan may include such further and other amendments as may be approved or required by the Exchange.

The full text of the 2016 Plan will be available for review at the Meeting and, prior thereto, at the Company's office at 1100 – 543 Granville Street, Vancouver, BC, V6C 1X8 during normal business hours.

Accordingly, at the Meeting, Shareholders will be asked to pass an ordinary resolution in the following form:

“UPON MOTION IT WAS RESOLVED that the Company's adoption of the 2016 Stock Option Plan be approved and ratified, subject to regulatory approval, pursuant to which Plan the directors may, from time to time, authorize the issuance of options to directors, officers, employees and consultants of the Company and its subsidiaries to a maximum of 10% of the issued and outstanding common shares at the time of the grant, with a maximum of 5% of the Company's issued and outstanding shares being reserved to any one person on a yearly basis, and make such other amendments to the Plan as may be approved or required by the TSX Venture Exchange.”

The Directors of the Company believe passing the foregoing ordinary resolution is in the Company's best interests and recommend that Shareholders vote in favour of the above-noted resolution.

Unless such authority is withheld, the persons named in the enclosed Proxy intend to vote FOR the above-noted resolution.
